

# CURRICULUM VITAE & WORK EXPERIENCE

## Fawzi Omar Ebrahim

---

### \* PERSONAL INFORMATION:

- **Date and Place of Birth:** 17 - july-1975 Tripoli-Libya.
- **Nationality:** Libyan.
- **Marital Status:** married.
- **Gender:** male

**Mobile phone No:** 00218 916423664

- **E. Mail:** [fowzi.omar@yahoo.com](mailto:fowzi.omar@yahoo.com)

**Address:** Aen-Zara, Tripoli-Libya

### - Employed with:

- **Current position:** (Head of Cell and Tissue Culture Department) at Biotechnology Research Center since 2002-2020.
- Local Coordinator of a RAF 50-68 project supported by IAEA 2014-2019 (Zoonotic transmitted Diseases).
- Lecture assistance at Tripoli & Aljafara University, Libya.

### QUALIFICATION:

- Master degree by research at Deakin University- Australia 2013.  
(Studies on the anticancer potential of High Molecular Weight bovine lactoferrin in targeting ovarian carcinoma).

- Diploma of hospital administration and medical analysis Alfred Fournier  
Institute France January –until august 2002
- Bachelor of Veterinary medicine –Tripoli-University 1995-2001.
- Excellent skills on cell culture technique regarding to cancer cell line  
(breast, colon and ovarian).
- Very good skills in ELISA technique (Investigation and diagnosis  
difference kind of diseases).
- Certificate of attending mini course about Flowcytometry, BD Company,  
France 2006
- Bachelor of Veterinary medicine –Tripoli-University 1995-2001.

**\* LANGUAGE PROFICIENCY:**

- . Arabic language: (mother language)
- . General English courses from RMIT University, Australia 2009.
- . English language: English for academic purposes (EAP), Deakin  
University, and 2011 Australia.
- . Basic of French language (part time courses), Alfred Fournier institute, 2002  
France.

**\* OTHER SKILLS:**

- Familiar with Standard PC Software Such as MS Windows, Microsoft Word,  
Excel, PowerPoint, Infographic power point and Internet Access.

**\* TRAINING COURSES (attended):**

- Training about Experimental animal (standard method to deal with  
experimental animal and Ethical issues), Tunis, February, 2020.

- Rapid Field Diagnostic of Vector Borne Diseases, July 2015, Yaoundé, Cameroun.
- RNA structure and function course, 2014, Trieste, Italy.
- Biosafety induction at RMIT University Australia 2010.
- Intensive courses of (presentation skills) DEULI institute (2010)-Melbourne-Australia
- Training about (Safety at chemical labs) 2011, GTP group, Deakin University,
- Induction about Confocal Microscopy 2011, IFM institute, Geelong, Australia.
- Training for one week about QRT(PCR) 2011, Immune-molecular center, Melbourne, Australia.
- Local training 1 week about ELISA and Chromatography techniques (HPLC) 2007
- Training about Flowcytometry technique 2006, BD Biosciences, Paris, France.
